FLEXAGON

Data Warehouse and Business Intelligence Solution Lead

Flexagon, LLC is seeking to employ a Data Warehouse and BI Solution Lead on a full-time basis.

Duties: Design, develop, and implement Business Intelligence (BI) solutions; and improve solution delivery from development through testing and deployment.

A Bachelor's degree in Computer Science or a related field with five years of progressively responsible experience as a computer professional, must include experience with Oracle BI Publisher, Oracle Business Intelligence Enterprise Edition, Informatica PowerCenter, Oracle Data Integrator, and Erwin Data Modeler.

Interested candidates please submit resume and letter of interest to: Rebecca Pruess, Director of Marketing and People Operations, Flexagon, LLC, 1048 Glory Road, Suite B, Green Bay WI 54304 or to info@flexagon.com.
